DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 8, and 15, Bowman et al. teaches that for use in a communications system, an apparatus for wireless software download to a wireless communications device capable of Internet access wherein the software to be downloaded is retrieved from a remote server through a wireless connection for the wireless communications device (see paragraph [0029]). Bowman et al. does not teach an auxiliary device including sufficient storage for holding software to be downloaded; and a connection between the wireless communications device and the auxiliary device, wherein the software is to be downloaded to the auxiliary device and installed from the auxiliary device onto the wireless communications device. Wu teaches an auxiliary device (e.g., removable memory card 112 – Fig. 1) including sufficient storage for holding software to be downloaded (see column 4, lines 30-34); and a connection between the wireless communications device and the auxiliary device (see Fig. 1), wherein the software is to be downloaded to the auxiliary device and installed from the auxiliary device onto the wireless communications device (see column 4, lines 40-42). Therefore, it would have been obvious to one of ordinary skill in the art, at the time of the invention, to apply the teaching of Wu to the teaching of Bowman et al. to expand the memory of the portable device as taught in Wu (see column 4, lines 30-34).

However, the cited prior arts, either alone or in combination, fail to teach that the auxiliary device retrieves the program code to be downloaded from a remote server through a wireless connection for the wireless communications device into the auxiliary device and installs

the downloaded program code from the auxiliary device onto the wireless communications device, in combination with all of other limitations in the claims.

Claims 2-7 depend on claim 1. Therefore, claims 2-7 are allowable.

Claims 9-14 depend on claim 8. Therefore, claims 9-14 are allowable.

Claims 16-20 depend on claim 15. Therefore, claims 16-20 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
